Hydrotherapy

SportsMed Subiaco offers physiotherapist supervised and unsupervised sessions in our state-of-the-art hydrotherapy centre.

Our indoor heated hydrotherapy pool is specifically designed for rehabilitation and is equipped with an array of exercise equipment and floating devices to ensure a challenging but enjoyable experience.

The centre accommodates St John of God (SJOG) Subiaco Hospital inpatients and outpatients, as well as private clientele without a hospital admission.

We provide a qualified Physiotherapist by your side to prescribe appropriate exercises and correct technique. Once we have developed a suitable hydrotherapy program, patients have the option to progress to unsupervised sessions, where they can enter the water and perform the program independently.

Entry into the hydrotherapy centre requires a hydrotherapy assessment. For SJOG inpatients and outpatients who have undergone joint replacement, the assessment is conducted bedside before you leave hospital. For all other clientele an appointment with a Physiotherapist is required.

Ask at reception or call today on **08 9382 9600**

Information For *New Patients*

All new patients require a hydrotherapy assessment by one of our physiotherapists before booking into hydrotherapy. The purpose of this assessment is to make sure you are suitable for hydrotherapy and to structure an appropriate program.

You are required to make an appointment for supervised hydrotherapy sessions.

Attendance requirements:

- Comfortable footwear
- Bathers
- Towel

- ✓ **Please note: showering is required before entering the pool**
- ✓ **Please check-in at reception before proceeding to the pool area**
- ✓ **Please allow time for parking before your appointment**

On arrival at the hydrotherapy pool, your physiotherapist will indicate to you when it is safe to enter the pool. The physiotherapist will assist you if you require help entering the pool.

Please check with your physiotherapist regarding any follow up supervised hydrotherapy sessions that may be required.

Supervised & unsupervised hydrotherapy pool times are available on this flyer and also on our website.

In the event of an emergency:

Exit doors (signed) are on the Cambridge Street side of the hydrotherapy pool.

Poolside emergency bell (situated on pillar) – please press or alert staff member.

Ask at reception or call today on **08 9382 9600**
